

# Triton Stool

*with backrest*

You can easily adjust the height of the backrest.

The castors are equipped with a special rubber lining to move smoothly without straining the floor surfaces.

The seat has a metallic, smooth surface, a base for easy cleaning, and a high-strength gas spring for adjusting the desired height.

The upholstery is molded, seamless, in a large stock of spare parts. This offers the advantage of easy and extremely economical replacement in case of accidental wear.

All-metal construction compact and robust, specially designed for professional use.

Soft foam pillow rich in material.

Available in 2 sizes : Short and Medium

Size	Minimum height*	Maximum height*
SHORT	47 cm	61 cm
MEDIUM	56 cm	76 cm

\*\* The floor surface distance from the seat surface in centimeters
